

Debit Card Alerts

To enroll into Paragon's Debit Card Alerts, log in to the Paragon Bank Mobile Banking app and follow these steps:

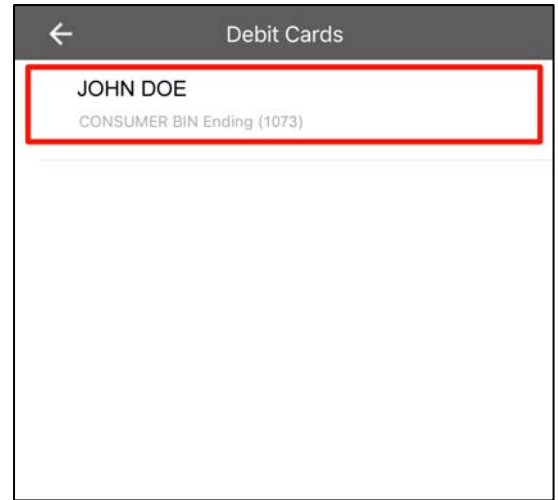

1. Tap the Menu button (three lines) and select **Cards and Options**.

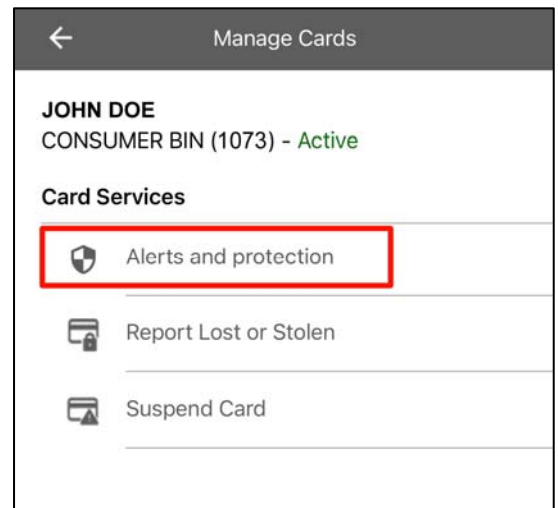

2. Select **Debit Cards**.

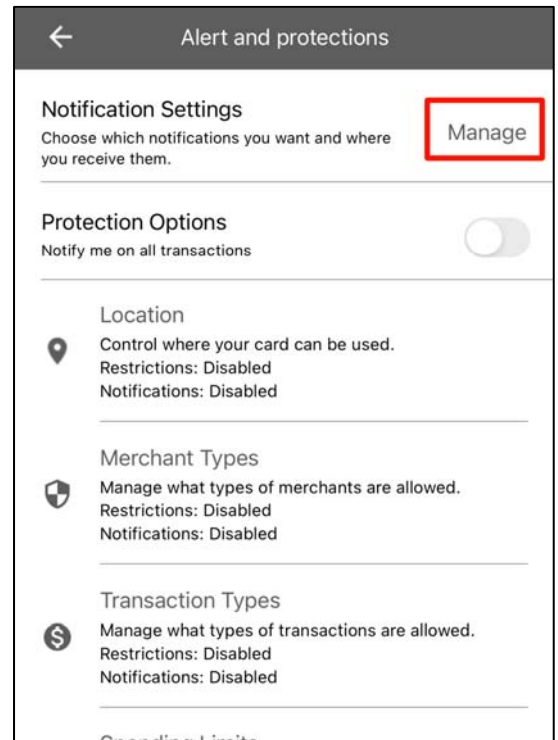

3. Find and select your active debit card from the list.

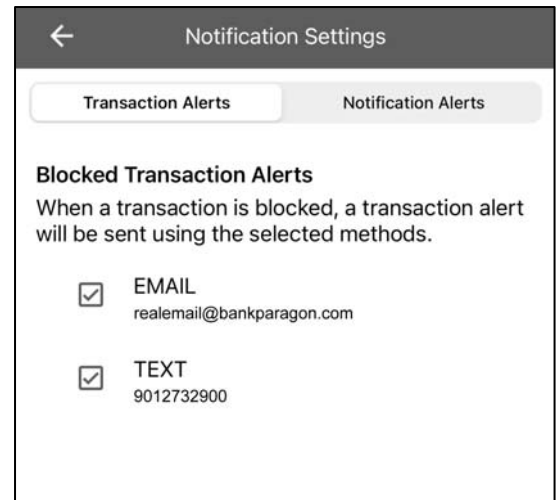

4. Select **Alerts and protections**.

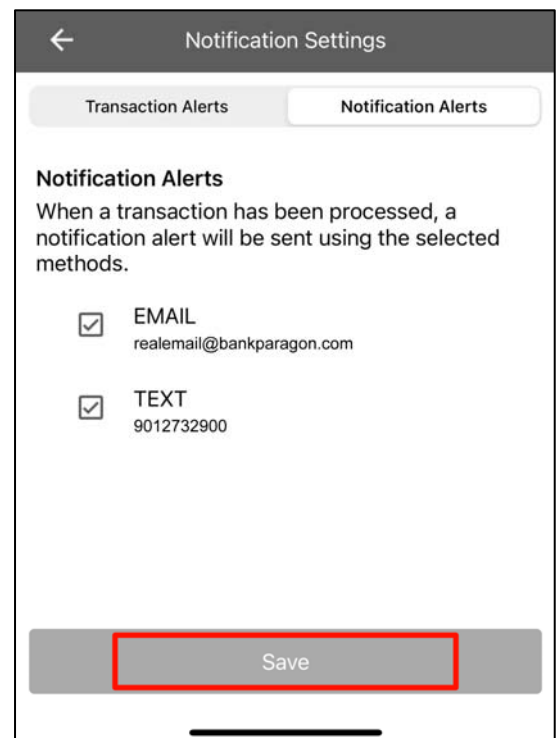

5. Tap **Manage** next to Notification Settings.

6. With the Transaction Alerts tab activated, select how you would like to be notified (email and/or text) when a transaction is blocked.

7. Tap the **Notification Alerts** tab and select how you would like to be notified (email and/or text) when a transaction is processed. Then tap **Save** and go back to the previous screen.

8. Turn **ON** the Protection Options button to be notified on all transactions. No other adjustments are needed.
